January 1969

Dear Mr. Lanigan:

We are pleased to submit the DEVELOPMENT PLAN for the TOWN OF ROCHESTER, NEW YORK. This report is the fulfillment of the Urban Planning Assistance Project Contract No. C23047 between our firm and New York State, authorized under Section 701, of the Housing Act of 1954, as amended: your Project No. N. Y. P-127.

This report contains all of the required contract material except the proposed zoning ordinance and subdivision regulations which were printed and distributed separately.

During the project period, monthly meetings were held with the Town Planning Board; special meetings and conferences with various State and local officials and agencies were conducted; and in addition three public meetings were held. These meetings and discussions led to the diagnosis of the problems, formulation of goals and objectives and to preparation of the plan with accompanying suggested ordinances and programs to effectuate it.

We are grateful for the assistance we received from local, State and County officials and from the many private citizens who contributed to this program.

Respectfully submitted,

BROWN & ANTHONY CITY PLANNERS, INC.

Harry A. Anthony, AIP
